Volunteers

Volunteers are the lifeblood of any non-profit organization and KMC DPO is no different. We have lots of good ideas but need lots of good people to help us deliver!

How Can You Help?

There are MANY ways you can help our organization to enhance and augment your dancer's experience at KMC. Many of our volunteer opportunities can be done easily from the comfort of your own home over a short period of time. Volunteering to chair an activity would involve organizing, communicating, and facilitating the activity to successful completion.

Review the attached form (see back) and sign up where you'd like to help; then return the form with your membership to the KMC DPO folder in lobby of KMC. Contact any DPO officer for more information regarding the volunteer opportunities.
